Why are all students required to complete community involvement hours in order to graduate?

Since September 1999, all students in Ontario have been required to complete a minimum of 40 hours of community involvement as part of the secondary school diploma requirements. Effective July 1, 2011, students may start to accumulate community involvement hours in the summer before they enter grade 9.

What is the purpose of community involvement?

Community involvement helps students to:

- increase their awareness of community needs
- identify with their community
- accept community membership
- learn to make a difference in the community
- develop a positive self-image through contribution to community life

What are the guiding principles?

The following guiding principles, in conjunction with the list of ineligible activities, are intended to assist students and parents/guardians in determining whether a planned activity is suitable for the completion of the community involvement requirement.

- It is crucial that the activity be fulfilled in a safe environment and that the activity be determined by the student in consultation with parent(s) or guardian(s).
- The activity must be in the nature of a service or benefit provided by the student to meet a need of the community, or individual members of the community.
- The needs of both the student and the community should be carefully considered in selecting appropriate community involvement activities.
- The activity cannot be an exploitation of the community or vulnerable members of the community.
- A contact activity supervisor must be named.
- The activity should provide a learning opportunity for the student.
